Ver1.0 IB-200-W0310B-00

Before using the headphone, please carefully read this user manual and keen securely for further reference

#### ■ Features

- U type collar-surrounding design to keep pace with fashion
- · 9MM moving coil unit creates remarkable low frequency for enjoying pop music;
- Bluetooth V4.2 technology ensures stable signal transmission · Half in-ear structure with adaptive soft neckband to wear comfortably
- · Magnetic ear shell on the back allows to wear and unfix at any time
- · IPX5 rating ensures daily sweat and splash proof
- · Vibration reminding for phone calls and enabling phone voice control Support to pair with two Bluetooth devices simultaneously

Three buttons to easily control voice call/volume/music switch

Earmuffs x 3 Pairs

#### ■ Specifications

Bluetooth version: Bluetooth V4.2 Bluetooth profiles: HFP, HSP, A2DP, AVRCF Effective distance: 10m

Playback time: up to 9.5 hours Charging time: 3 hours Input: 5.0V == 500mA Frequency response: 20Hz-20KHz Sensitivity: 98dB

Impedance: 16Ω

Note: The design and specifications may be changed without prior notice

#### ■ How to operate the headphones 1. Charging During use, if only red light flashes, it indicates low battery level and please

supports AVRCP profile

 When the volume is set at the maximum, there will be a prompt tone To enjoy remote playback control functions (previous track/next track/ pause/play), please ensure your mobile phone or Bluetooth transmitter

### 6. Restore to factory settings

If the earbuds can not be powered on even after fully charged or have no reaction when used, please connect to USB cable to reset it, and it indicates  $\frac{1}{2}$ that the earbuds have been restored to factory settings when the red light is steady on.

Operating instructions

After factory settings are restored, pairing list of the earbuds will be cleared, the earbuds will auto-enter pairing mode when powered on again; if needs to connect with certain device, please re-pair it with the earbuds.

During using, please read the following advices carefully to help you  $\,$ comply with warranty terms and extend the product's service life

- Keep the product away from humid places to avoid affecting internal
- Do not put the product in places exposed to sun or with high temperature. High temperature will shorten service life of electronic
- components, damage battery and deform plastic components · Do not put the product in cold places to avoid damaging internal circuit
- Do not dismantle the product. Non-professional personnel may damage
- the product • Do not drop, strongly vibrate, strike the product with hard object to avoid damaging internal circuit.
- Do not use drastic chemicals or cleaner to clean the product. . Do not use sharp objects to scratch product surface to avoid damaging
- If the product cannot operate properly, please send it to your qualified maintenance agency for repair.

### FAQs

Red light instead of blue light flashes.

• It indicates the earbuds are in low battery level, please recharge the

### Red light is off during charging.

- · Please ensure the charging device is correctly connected with the earbuds.
- When the earbuds are not used for long periods of time, the battery will enter sleep state. It needs to charge about 30 minutes and then the red light will be lit.

### No sound heard from the earbuds.

- Check if the earbuds are operating.
- Check if the earbuds volume is at an appropriate level.

#### Check if the earbuds are correctly connected with mobile phone Check if the earbuds are operated within an effective distance.

### The earbuds calling effect is bad.

• Check if mobile phone is in an area with strong signal. Please ensure the earbuds are within effective distance (10m ) and no obstacle between the headphone and mobile phone.

#### When playing music, unable to control pause/play/previous track/ next track via earbuds.

 Please ensure the paired device support AVRCP (Audio/Video Remote Control Profile) profile

### CAUTION

Danger of explosion if battery is incorrectly replaced Replace only with the same or equivalent type

A warning that batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like

- 1. "To prevent possible hearing damage, do not listen at high
- volume levels for long periods." 2. "Fully understand user manual before use."
- 3. "Ensure your player at low volume levels or power off before

Correct Disposal of this product. This marking indicates that this product should not be disposed with other household reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product

### WARNING!

Danger of explosion if the battery is incorrectly replaced. Replace only with the same or equivalent type

For products with removable battery, the battery must be properly recycled or disposed. For products with built-in battery, disassembling is

Never disassemble, hit with force, squeeze batteries or dispose of batteries in fire. Do not expose batteries in conductive materials, liquid, fire or heat. Do not let metal object contact two battery poles. If the battery looks swollen, leaking, discolored, having odor or any abnormal appearance, stop using it. Do not use the battery after immersed in water Improper use of battery may lead to explosion or leakage, causing skin burn or other injuries; in the event of battery leakage, handle it with care and immediately dispose of the battery in the manner in compliance with applicable laws and regulations in your locality

## **EN** Warning!

To guarantee your personal safety, please do not wear or keep earphones in the vicinity (closer than 10cm) of a pacemaker

Do not insert plug into electric sockets.

Supervise children when using the equipment, the Earphone listening at high volume levels -

particularly, over extended periods of time - may damage your hearing. The operation of switches on your hi-fi system or

plugging in the earphones may cause clicks which at high volume setting may affect your hearing. Therefore, always set the volume control to minimum before switching between different sources (tuner, turntable, CD player, etc.) or plugging in the earphones For traffic safety, do not use earphones while
